

Alexandria Gazette.

TUESDAY EVENING, OCT. 6, 1903.

LOCAL NEWS.

Sun rises tomorrow at 6:09 a. m. and sets 5:39 p. m. High water at 7:50 a. m. and 8:15 p. m.

WEATHER PROBABILITIES.—For this section partly cloudy tonight and Wednesday; light to fresh easterly winds.

Hydraulic Veteran Fire Association.

Since the unpleasant imbroglio between the Hydraulic Fire Company and the city Fire Wardens, the retiring company has not been inactive in carrying out its future course and standing, but on the contrary has manifested a determination to continue the old organization under its charter, and perpetuate the institution with the evidence of its many merits and commendations earned by duty well performed. The company has taken possession of the old George Washington ball room, located in the City Hotel building, where in future they will assemble to relate memories of the past and keep alive by word and perhaps by act, and repeat some of the main deeds of duty performed in historic Alexandria. With furnishings removed from its former rooms, the company has most comfortably carpeted and ornamented its future headquarters, and tonight will hold the first regular meeting, a full attendance having been assured for the transaction of business.

Temperance Lectures.

Dr. N. W. Tracy, the Kentucky temperance evangelist, will be at the old court house lot, corner of Queen and Columbus streets, this week, for a series of fourteen lectures commencing Thursday evening. No assistance is asked for or received from any individual, society or organization outside of the town in which the lectures are given. The meetings will be conducted as nearly free as possible, in order to reach the masses and accomplish the greatest amount of good. This is accomplished by giving ten lectures out of the fourteen absolutely free, with the exception of charging 5 cents each night for reserved seats. A silver offering will be taken at the door for admission to the remaining four lectures. On the silver offering nights, every person attending is expected to bring at least ten cents—children under ten years, 5 cents. The lectures given on these nights are special.

Struck by a Stone.

While a south bound Washington Southern Railway passenger train was passing over the Southern Railway tracks near the double bridge, a short distance south of this city, about five o'clock last Sunday morning, a stone was thrown into the Pullman car and General Marion C. Butler, of South Carolina, was struck on the side of the head. The general received a scalp wound and one of his ears was almost severed. No other passengers were injured. The railroad company's surgeon met him in Richmond, but he declined to delay his journey. A telegram was sent on for a physician to meet him at his destination.

Teachers Wanted.

The civil service commission has received a call for 150 male teachers for the Philippine Islands. The salaries range from \$900 to \$1,200 per year. An examination of candidates for these positions will be held on October 19 and 20 in various cities in the country. Such persons as may receive appointments as teachers will be eligible for promotion, the salaries ranging from \$900 to \$2,000 for teachers, and \$1,500 to \$2,500 for division superintendents. Alexandrians can apply to the secretary of the civil service board at the post-office in this city.

The Opening at Rosenfeld's.

The opening at Rosenfeld's dry goods store, 518 King street, today, attracted many people to this well known stand, where goods in this line have been purchased by the mothers and grandmothers of the present generation. All rejoiced to see a resumption of business at this old landmark, and the many visitors were greatly interested in examining the large and varied stock of goods which were displayed and in comparing prices. Mr. Rosenfeld's is an enterprising and accommodating merchant, and a liberal share of public patronage is assured him.

Cars off the Track.

Early last night another smash-up occurred on Wilkes street, between Lee and Union, while cars were being placed upon the B. & O. barge. The train was being backed through the tunnel when three cars jumped the track, one being thrown athwart the rails and somewhat damaged. The track leading to the transfer slip was blocked until a late hour this morning. One of the tracks was seriously damaged by the run-off. Several freight cars were derailed at Calpeper last night, which interrupted the running of through trains for several hours.

Throwing Bottles in the Street.

A man was fined ten dollars in a Washington police court yesterday for breaking a bottle on the street. Those in Alexandria who ride bicycles would like to see people who indulge in the practice of throwing bottles and fragments of glass in the public streets here meet a similar fate. Such debris is a constant menace to those who ride the wheels, and the casting of glass in the thoroughfares is as unlawful here as in Washington. Doubtless the police fail to witness such acts or they would make examples of these who habitually defy the law.

Police Court.

[Mayor G. L. Simpson presiding.] The following cases were disposed of this morning:

Richard Williams, arrested by Officer Griffin for expectorating in an electric car, forfeited his collateral by failing to appear.

Arthur Miller, colored, charged with obtaining goods from G. W. Ramsay on false pretences, had his case continued until Thursday next.

Again in Bloom.

A pear tree in the yard adjoining the residence of Mr. Walter Nalls, on Wolfe street, between Fairfax and Lee, is in full bloom, the second time this season. A pear tree at Warwick, in the county, the residence of Mr. Frank Hume, is also in bloom again. Mrs. Hume, living in Fairfax county, near this city, brought three boxes of strawberries to market this morning.

The Steamer Belle Haven.

The old ferry steamer Belle Haven, recently purchased by J. Drietus & Co., of this city, and subsequently sold to parties in Baltimore, is said to be the oldest iron hull side-wheel steamer afloat and was among the first of that material having been built by Harlin & Hollingsworth at Wilmington, Del., 46 years ago and named Pilot Boy. During the civil war she was used as a transport by the federal forces between Old Point Comfort and adjacent waters. When the Louise was purchased from the York river line the Pilot Boy was sold to the Washington and Alexandria Steamboat Company, which had her incased in a wooden hull by W. E. Woodall & Co., of Baltimore, and otherwise changed for ferry services between Alexandria and Washington. At the same time her name was changed to Belle Haven. A resident of northeast Baltimore purchased the round pilot house of the Pilot Boy when he changed it to be discarded and he has it on top of his house as an observatory. The new owner intends to strip the steamer to the hull, which, if found serviceable, will be made into a barge. The Belle Haven is 161 feet 5 inches long, 47 feet 2 inches beam and 7 feet 7 inches depth of hold. In her prime she was very speedy.

Young Men's Sodality Lyceum.

An oyster roast was given by the Young Men's Sodality Lyceum at their hall on Duke street last night, in commemoration of the fifteenth anniversary of the organization of the institution. Like all gatherings of the members of the Lyceum, the affair was interesting throughout. There was music during the evening and other pleasant features. The Lyceum is in a vigorous condition, and the members manifest much interest in the organization which has long been one of Alexandria's institutions. The present officers are: F. T. Quinn, president; C. T. Hellmuth, first vice president; W. M. Donnelly, second vice president; R. L. Carney, Jr., recording secretary; H. L. Wheatley, financial secretary; L. T. Downey, librarian; J. P. Laphen, treasurer, and James T. Lawler, sergeant-at-arms.

A Meeting of Protestors.

A meeting of persons owning property on King street who are averse to paying their assessments for the new vitrified brick paving on that thoroughfare, was held at Schuler's Hall last night. Mr. J. T. Nalls presided and Mr. J. C. Creighton acted as secretary. Persons owning property against which about \$3,000 has been assessed were present. It was unanimously decided to contest the right of the city under the new constitution to collect these assessments together with the regular taxes the protestors are compelled to pay for street work, and a lawyer will be employed to urge their claims for exemption.

Confederate Veterans.

The regular monthly meeting of P. E. Lee Camp, Confederate Veterans, was held at their hall last night, and a communication from the Inspector General in regard to the appointment of a sponsor and maid of honor to represent the 8th district at the meeting of the Grand Camp to be held at Newport News, was read and the appointment will be made by the Commandant. The following comrades were elected delegates to represent the camp at the meeting of the Grand Camp, Comrades Jno. M. Johnson, F. J. Davidson, W. W. Sherwood, W. H. May and Alexander Lyles.

Concert.

While in Alexandria recently, Prof. J. G. Dailey visited Lee Camp Hall, and being interested in the noble work of securing this hall for the Confederate Veterans decided that on his tour through Virginia he would stop here and give a concert for the benefit of this hall, on Tuesday, October 13, at 8 o'clock, in the Opera House, this concert will be given. It will be remembered that the Dailey Quartette gave a sacred concert in the M. E. Church South on the night of September 6. All lovers of music should not fail to hear these singers.

Alarm of Fire.

About half-past ten o'clock last night a shed attached to a frame house on the north side of Wolfe street, near Patrick, was found to be burning, and an alarm was turned in. Fire Warden Summers and others living in the neighborhood went to the scene and soon extinguished what might have proven a serious conflagration. The services of the department were not brought into requisition, although the engines and truck were soon on the ground. The house is occupied by colored people.

Ran Amuck.

A colored youth named Peter Prector ran amuck in lower Fairfax county yesterday, and was finally arrested and sent to jail in that county. It appears that the boy had been accused of stealing and had become much frightened. He armed himself with a pistol and proceeded to the school for white children in the We'drawn neighborhood where he made threats of violence. After considerable excitement the youth was arrested and taken before a magistrate who sent him to jail.

Political.

Mr. Joseph L. Crupper, chairman of the city republican committee, has called a mass-meeting of the republicans of this city to be held in Schuler's Hall tonight at 8 o'clock. The convention will be held for the purpose of electing five delegates to a district convention which meets at noon tomorrow.

"The Assembling of the Nations." "The Assembling of the Nations" will be given at the Opera House tonight and tomorrow night under the auspices of the Society for the Restoration of Historic Alexandria. A final rehearsal was held last night and everything is in readiness for a first class performance.

Rural Letter Carriers.

James E. Dodd has been appointed a rural letter carrier for the route just established between this city and Annandale, in Fairfax county, along the Little River pike. The carrier leaves this city at 9:20 a. m. and returns at 3 p. m. daily.

Property Sales.

The Old Dominion Building and Loan Association of Richmond has sold to J. Matthews a lot on the north side of Wolfe street, between Patrick and Henry, and a house and lot on the east side of Patrick street, between Duke and Wolfe.

A wagon belonging to Mr. C. M. Griffin was upset at the intersection of Cameron and Payne streets early this morning. The horse attached to the vehicle was running fast at the time and the sudden turn in the street from Payne caused the accident. The driver and horse escaped injury.
